

Position Announcement: Environmental Project Manager

Ecosystem Planning and Restoration, LLC, (EPR) has an open position for a full-time Environmental Project Manager in our Raleigh, NC office. EPR specializes in ecosystem restoration and mitigation, environmental studies, permitting, and watershed studies. We are a growing firm with East Coast and Gulf Coast locations, and are actively looking for motivated, high quality individuals to help build our business.

Qualified Environmental Project Manager candidates will hold a four-year degree related to their profession and have at least 6 years direct experience in all phases of ecosystem restoration and mitigation projects. Experience should include scheduling and budgeting, site investigations and conceptual designs, feasibility evaluations, report writing, and client interactions. Preferred candidates will be self-motivated, be able to show detailed experience working on a wide variety of environmental projects, have design experience, work well in a team setting, and have the ability to travel periodically. Duties will include working with senior staff, other project managers, and other technical staff to assist with environmental projects.

Benefits include health insurance, 401K with company match, employee bonus plan, vacation and sick leave, and continuing education training. Salary commensurate with experience and abilities.

Please Send Resume and Cover Letter to:

Ms. Christa Morrison, 559 Jones Franklin Road, Suite 150, Raleigh, NC 27606
